

Time and Talent Network

Answers the questions:

- How do we get people with little time and much talent to connect?
- How do we outreach to both physical and online participants?
- How do we easily work with other churches and community groups?

Church Program Outreach Facilitation

Reach Younger People

Engage younger people by bringing access to them in a form that they regularly use!

Connect with Your Community Audience

Your place of worship becomes visible for outreach into the community. We will help you set up a QR Code (Quick Response Bar Code) which leads directly to your portal in our website. You can advertise with this in your bulletin, newspapers and even on your church sign.

Let's get started: Try out our demo QR Scan Code

1. Scan the code with your mobile device camera or QR Code App.
2. Link to our demo church, Good Example Demo Church.
3. Sign up for demo activities to see how your Participants will get involved!

Your church will get its own downloadable code!

Include scan code

- on your website, Facebook and other online
- in your church slideshow
- TV or paper ads
- flyers
- community listings
- posters
- welcome table in narthex

Now you think of some ideas....

Churches can share programs easily:

1 Your Church Leader picks programs or sets up custom programs with desired fill number.

3 Program Leaders send group notification emails through our web application targeted to signups for a particular activity.

2 Visitors, friends, or members of the church request to be linked to your place of worship through our Time and Talent Network.
